The service we're providing is very broad. Basically, we provide consultancy for all polyamory marriages, but we can help with other arrangements too. We help search for the perfect wedding clothing, make-up, photographers etc. We make sure that your special day is worry-free.

We have 4 'standard' packages in various price ranges, so the customers have an idea of the price setting. It also gives an idea of what is possible, the sky really is the limit.

However, all customers are completely free to choose which services they want to use or not.
